TERRE ROUGE® AND EASTON WINES

2011 EASTON “H”, California

EASTON House or “H” is our easy drinking everyday table red composed of approximately about two-thirds Syrah and one-third Cabernet Sauvignon. It is similar to many of the new wave wines being made in the Languedoc and Roussillon of Southern France. House is what we like to sip on informal occasions. It is a great café wine, a perfect picnic wine, a useful boating wine, a great glass as a luncheon wine, a skiing wine, and simply a wine to enjoy, when you want a delicious glass of wine, but you don’t want to think too much about it. House complements most Mediterranean and Californian cooking and it works well with other full-flavored foods. Have a bottle open on the counter to relax with after work, when other less well-crafted beverages just won’t do the trick!

Please, check it out! Come on over to our House (red)! We packaged the new 2011 vintage in a new printed box with a Stelvin closure.
