2011 TERRE ROUGE Roussanne - Sierra Foothills

We began bottling Roussanne on an annual basis in 2001. This bottling originates from a vineyard site we helped establish and develop between Auburn and Foresthill called the Monarch Mine Vineyard. It is planted with a clone of the Roussanne grape that originates from a Chave family parcel on the hill at Hermitage. This is a difficult variety to grow. It ripens unevenly, so it must be harvested selectively and not all at the same time. It is also susceptible to powdery mildew. The fruit in 2011 was fully ripe at harvest in late-October the 22nd, quite bit later than usual here and the crop size was smaller; diminished by powdery mildew. We threw away 80% of the crop in 2011. The resulting wine has classic Roussanne characteristics: Straw golden color; with exquisite quince, honey-nut, and beeswax aromas. It has a very rich and silky mouth feel from barrel fermentation and lees aging, and excellent minerality. Bottle-aged two years prior to release. A rare European-styled Cali-wine that is wonderfully balanced and built for the long haul.

14.5 % alcohol by vol.; 3.67 pH; 6.2 gm./liter total acidity
