TERRE ROUGE® AND EASTON WINES

## **2023 TERRE ROUGE Viognier - Fiddletown (Estate)**

Bottled in late May 2024 our 2023 Viognier is organically-grown on our Fiddletown estate in granitic soils. Zesty fresh, floral, and spicy aromatics with fruit notes that suggest classic white peach and apricot flavors. This 2023 is particularly classic in style offering a bit more apricot skin in the wines aromatics. This will be a perfect glass pour wine with its lively flavors.

The grapes were picked in this perfect season on October 5th. We harvested at 24.5 brix, whole-cluster pressed to tank; fermented to dry in stainless and then transferred to a set of older French oak barrels with a couple special new barrels that are coopered in Condrieu thrown in the mix. Lees stirring, malolactic fermentation, and no racking off of primary lees are all techniques employed prior to bottling.

14.5% alc. by vol.; 3.45 pH; 6.0 gm./liter total acidity
